

## Points for President to make

Science as a voyage of exploring the unknown

FC

Open - Study of man

Many features of being human → but  
the instruction book has to be about  
the most central

- It ~~holds~~ contains all the info necessary

- It illuminates our heritage

- It demonstrates our great similarity as a species <sup>and today</sup>

- It holds the keys to ~~the~~ understanding. Do

We now have the first view. We've crossed the  
threshold. End of the 2

### The center of the center

Future:
